

CONTRACTOR

ORNAMENTAL FENCING

Imperial
Kool-Ray™

*Good Fences Make Good Neighbors...
and Happy Customers!*

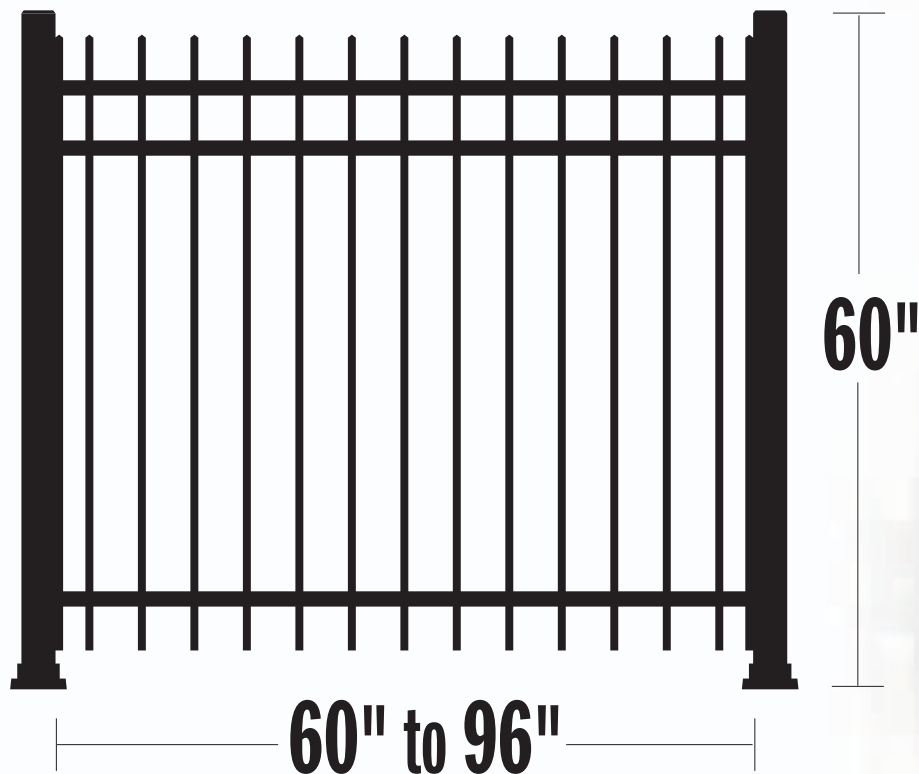

Now you can add elegant ornamental yard fencing to your product line. This classic, yet contemporary, design adds beauty and personality to any property and it's from Imperial Kool-Ray so you know it's a good fence destined to make good customers!

Imperial's new aluminum ornamental fence product enables you to offer a professional-grade product with features and benefits far superior to the vinyl and wood options. Aluminum is stronger and far more durable than vinyl or wood. Of course, aluminum is naturally rust-free, but Imperial's baked-on black powder coat finish completely eliminates future painting.
